### Principal's News

We are nearly half way through the term! The Year 12's have finished, with only a couple of exams over the next 2 weeks, Year 11's are slowly coming to an end with most finishing off their last assignments in preparation for their official last day on Friday Week 6.

Yesterday, Lachlan Hallett from AusEarthEd visited to run Earth Science activities for the primary students on Changing Beads, Fake a Fossil and What's in a Soil.

#### **Remembrance Day Assembly**

This Friday we will have a Remembrance Day Assembly at the Garden of Remembrance from 10.50am to pay our respects to soldiers. The Assembly is being run by the RSL and will coincide with the Year 9 class visiting the cemetery to lay poppies on fallen soldiers headstones.

#### 2024 School Fees

Please find below the proposed Materials & Services charges for 2024. The proposed charge for Reception to Year 6 is \$323 and for Years 7-12 \$414.

It is the intention of the Governing Council to obtain approval for this fee rise via a parent/ caregiver poll. This charge will be finalised at the next Governing Council meeting on Wednesday, 29<sup>th</sup> November at 7pm in the Library. All parents/caregivers/students are invited to attend this meeting and participate, if you are unable to attend, please express your views in writing to the Chairperson, Mrs Jasmin Piggott, prior to this meeting date.

#### Poll

The polling process is set out by the Department for Education. Each family receives one vote per student. The poll must be conducted following the Governing Council meting on 29<sup>th</sup> November 2023 and will be online. A link will be emailed to school families and there will be a 2 week period for voting to occur. The result will be determined by 50% +1 of the votes. A poll outcome in favour of the fee rise above the minimum will mean the fees are compulsory (except for students with School Cards). A poll outcome against the increase will mean the Governing Council will only seek the amount above the minimum voluntary contribution.

#### Reasoning for Increasing Fees

The Materials and Services charges fees are directed towards the daily use of items set out on the attached notices. Extra funds for these items allow the school to redirect funds within their flexible budget that would otherwise be spent on provision of materials. We are constantly looking at options to positively influence the learning of students.

This money supports covering some costs of our Materials and Services, but further enables:

- Improvement of student access to Information Technology including online services, wireless access, printers and computer hardware.
- Provision of items relevant to a supportive and integrative learning environment.
- The use of the latest advances in curriculum, including printing for students and photocopying of student resources.

In addition to Materials and Services charges as outlined above, there is a subject fee for Design and Technology and Food Technology per semester.

|            | Design and Technology | Food Technology |
|------------|-----------------------|-----------------|
| Year 9     | \$35                  | \$20            |
| Year 10    | \$55                  | \$30            |
| Year 11/12 | Project cost          | \$40            |

Kind regards, Stephenie Herbert, PRINCIPAL

#### **AUSTRALIAN EARTH SCIENCE EDUCATION**

Australian Earth Science Education (AusEarthEd) is part of the Primary Australian Literacy Mathematics and Science (PALMS) program, supported by Santos. Presenter Lachlan Hallett, provided hands-on earth science education to support the local context. Topics covered during these sessions included local fossils, soils and investigating light from the Sun. Each Primary class engaged in one lesson and the Kindergarten class joined the R/1 as part of their ongoing transition.

On Tuesday 28th November Cowell Area School will be holding a morning tea in the Library to celebrate all of our wonderful volunteers. You are invited to come along to this celebration commencing at 10:30am

# Congratulations

Congratulations to educator Nicole Turner from Cowell Area School Cowell School ades & Community Library for receiving the ator, prestigious Library Advocate of the Year award from the School Libraries Association of South

Australia at the World Teachers' Day celebrations hosted by Educators SA in Adelaide.

Over the last two years, Nicole has been bringing more experiences and opportunities for engagement to her community. Through the success of numerous grants in 2022 & 2023, she has been able to offer several experiences to the school & community including hosting talks, Teddy Bears walk and workshops with authors, scientists and other leadings speakers in the community, **reigniting the library's Storytime** and Baby Bounce program, launching a TechKnow program designed to bridge the digital gap in the community and planning the build of a sensory garden in front of the library.

Living in a rural community Nicole goes that extra mile to encourage special visitors to come to us. Funding is very limited, and our resources are not as great as those in the larger Adelaide metro areas, and she works her keyboard magic with applying for grants and so forth. Always striving for improvement and looking outside the square for the betterment of our school and our wonderful community. With this Cowell School Community Library has very much evolved to meet the needs of the people.

Your smiling face greets everyone who walks through the library doors, and your passion and dedication to your role shows in everything you do.

### TechKnow

Do you need help with your mobile phones? Having trouble with your emails? Laptop driving you nuts?

Thanks to Libraries SA and the State Government of SA, we have secured funding to work

with Whyalla Library to run short sessions, to help conquer your technology troubles.

Our next session is on Wednesday 15th November from 10.30am.

This week - Mobile Phones, Android and Apple phone users welcome. Let us, help you.

For more information or to RSVP call us on 8629 2320.
